

Save Money, Save Trees, Save Time, Go Paperless

Because almost 9,000 members have chosen paperless billing through SmartHub, your co-op saves over \$50,000 every year. These savings have a direct impact on rates for all members. If all 32,000 VEC members switched to paperless billing, your co-op would save over \$200,000 and an estimated 12,000 pounds of paper every year. That's a lot of savings. Sign up today to join the 9,000 VEC members who have already switched to paperless billing!

Four paperless members will win a \$25 bill credit every month.
