INSTRUCTIONS TO COMPLETE SECTION 2 OF THE REFUND REQUEST APPLICATION

If the refund is for a deceased member or dissolved business and you are completing the form on behalf of the estate, please complete Section 2 below. In order to process estate refund applications, we will need a copy of the death certificate and will for the deceased member or proof that the business has been dissolved. We will also need proof of identification, such as a copy of the driver's license, for the person requesting the refund on the estate or business' behalf. Please submit the application along with the necessary documentation.

Please be sure to check the box to specify how you would like VEC to distribute the refund and all future refunds. There are three options:

Option #1:

When VEC's Board refunds member capital, which could happen each year, the beneficiary named in the will or business officer will receive a check for the amount refunded that year. Because the Board returns member capital in portions, it will take 20 – 25 years or more to return the full member capital balance to the beneficiary or officer.

Option #2:

The estate beneficiary or business officer donates this member capital refund and all future refunds to the [VEC Community Fund](#) (click the link for more information).

Option #3:

The beneficiary receives an early payout of member capital. Since it's prior to VEC's normal return cycle, VEC will pay the discounted, net present value of the total member capital dollars allocated to the deceased member or dissolved business' account. If you select this option, a member service representative will contact you to discuss the process and additional paperwork that will be needed. Please be sure to include a good telephone number so we can contact you.
