

## Public/Workplace/Multi-family Charging Station Bill Credit

Help reduce carbon and earn money back on your electric bill!

To qualify for this bill credit, the charging station must be available to the public at all times or be located at a workplace or at multi-family (3+ units) housing. It must be a Level 2 or Level 3 charging station. The bill credit is \$500 per charging outlet. **Please include proof of purchase/installation with this form.**
