

Ductless Heat Pump Bill Credit

****Important note: Starting on 1/1/2021, VEC is partnering with Efficiency Vermont to offer a single point-of-purchase incentive for heat pumps installed by contractors participating in the Efficiency Vermont network. Other than a possible \$150 thermal efficiency adder, no additional incentive is available through VEC for these units.**

For units that were not installed through a participating contractor, VEC will provide a \$250 bill credit. However, if it is determined that the unit had already received the point-of-purchase incentive, VEC reserves the right to rescind the bill credit at a later date.

Please complete this form and send it to VEC, with proof of purchase of a qualifying mini split, ductless heat pump, to receive a one-time bill credit. If your home or business is weatherized, you may qualify for an additional \$150. See below for details.*

Name: _____ Account number: _____ Phone: _____

Address: _____ Email: _____

1. What type of fuel was the primary heating source at the location where the heat pump was installed?

- Fuel oil Propane Wood Wood pellets Electric

2. Based on your household size, was your 2019 household income at or below the following level? Please see chart below. (This question is required for VEC to comply with state reporting guidelines and does not affect eligibility. Your personal information will remain confidential.)

1 Person	2 Person	3 Person	4 Person	5 Person	6 Person	7 Person	8 Person
\$44,500	\$50,900	\$57,250	\$63,600	\$68,700	\$73,800	\$78,850	\$83,950

Note: Household income is gross wages (ie pre-tax) from all sources of income from individuals who are considered part of your household.

- Yes No

3. How many qualifying outdoor units were installed?

4. Please list the model number(s) and serial number(s) for the outdoor unit(s).

Model #: _____ Serial #: _____

5. Does your system qualify for the weatherization incentive? If so, please attach supporting documentation. (See page two for more information).

- Yes No

Please send the completed form to Vermont Electric Cooperative. **Please make sure to include a copy of the proof of purchase with your application** so that there is no delay in processing your bill credit. Contact VEC at 1-800-832-2667 with any questions:

By mail: 42 Wescom Road, Johnson, VT 05656

By email: support@vermontelectric.coop

*To find eligible models, search for non-ducted heat pumps here: https://ashp.neep.org/#!/product_list/

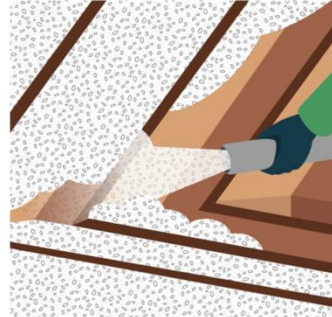

Weatherization

To qualify for an additional \$150 weatherization incentive, please provide documentation that your home or business meets one of the following criteria:

- Completed Home Performance with Energy Star project with Efficiency Vermont
- Received weatherization through the Weatherization Assistance Program (WAP) since 2005 or are currently enrolled in WAP
- Received a 2011 or newer Residential Energy Standards (2011 RBES) certificate
- Had a blower door test performed with a maximum measured Air Changes per Hour (ACH) of less than 5 at 50 Pascals

Why weatherize?

- Reduce heating costs
- Improve comfort and indoor air quality
- Increase the value of your home
- Projects can qualify for up to \$4,000 in rebates from Efficiency Vermont

Financing is available

Efficiency Vermont's Home Energy Loan provides a simple and easy way to finance your weatherization project. It offers interest rates as low as 0% for qualifying projects and equipment.

To learn more about weatherization, call Efficiency Vermont at 1-888-921-5990 or visit www.encyvermont.com.
