How to Connect Your New Emporia EV Charger

Once your charger is installed, follow these steps to connect it to the Emporia app. This takes about 5–10 minutes.

Before you start: Stand near your charger with your phone, and have your home Wi-Fi network name and password handy.

1. **Download the Emporia Energy app** from the App Store (iPhone) or Google Play (Android).
2. **Sign in or create an account.** If you already have an Emporia account, sign in. If not, tap to create one.
3. **Go to Devices.** Tap **Devices** in the bottom navigation bar.

6. **Tap “Add” and follow the on-screen instructions.** When prompted, allow the app to use **Bluetooth** and **Location**. The app needs these to find and connect to your charger.

That’s it! Your charger will appear under Devices once it’s connected.
